

VOTING SYSTEM MANUAL AUDIT RESULTS

Members of the Canvassing Board and Elections' office staff met at 9:00a.m. on Wednesday, September 5, 2018 at the Supervisor of Elections office, to conduct a manual audit for the voting system used in the August 28, 2018 Primary Election as required by Florida law. The precinct and race were randomly selected, and the audit included election day, vote-by-mail, early voting and any provisional ballots.

The results of the audit show that the ballots manually tallied and compared with the count of the votes tabulated by the voting system to be the same and therefore, completely accurate.
